- Gold Metal/Spectrum Party at ISRI Gulf Coast Party
- Around the Community: South Dallas Community Cleanup
- Work Hard, Play Hard
- Meet a Few Members of our Family

Message from Kenny and Neil

This month marks a very special time in our nation's history and now the history of Gold Metal Recyclers as well. On Monday, July 5th, the annual fireworks show at Fair Park came off with flying colors. After much disappointment of the show's cancellation a few weeks before, due to insufficient funds, Gold Metal Recyclers made a sizeable donation to allow this civic event to take place. Due to the late notice, the show took place on the fifth, rather than the fourth, but the gorgeous weather helped make it a memorable event for thousands of Dallasites.

Being a significant part of this event was truly special and gratifying for us both. We are proud of the city we live in and will continue to give back to the community in times of need. We only hope this heightens the awareness that we are serious about creating a vibrant and environmentally friendly South Dallas area for everyone. We need everyone's help to make it a true success!

Kenny and Neil

Fourth on the Fifth Celebration

As co-sponsor of *The Fourth on the Fifth*, Gold Metal owners Kenny and Neil Goldberg spoke about what this event means to the entire Gold Metal Recyclers family. Here is just a glimpse from that incredible evening.

"Dallas is a great city, and at Gold Metal Recyclers we're pleased and proud to be able to partner with the city in this great celebration on the fifth of July for the fourth celebration. The Goldbergs have a lot of history in Dallas. Neil and I are fourth generation of six generations. Mom and Dad are here, and they grew up in the shadows of Fair Park. They represent 165 years of history in South Dallas. Our business has been in South Dallas for thirty-five years. Thank you all for being here, and we're so happy to be part of this." *Kenny Goldberg*

"I just want to thank the City of Dallas and everyone with Friends of Fair Park for giving us the opportunity to heighten the awareness of recycling. The City of Dallas has been promoting the Green Initiative. So, thank you to the city, the employees of Gold Metal, and everyone out there who recycles. It takes everyone to help the environment. Let the fireworks begin and let's move on to bigger and better things. Thank you very much." *Neil Goldberg*

Gold Metal/Spectrum Party at ISRI Gulf Coast Convention

Gold Metal Recyclers and its partner in Houston, Spectrum Metal Recycling, welcomed hundreds of its friends and colleagues for a fun filled night in The Woodlands, Texas. Thank you to everyone who joined us, and we hope to see you all again soon!

Around the Community: South Dallas Community Cleanup

Gold Metal Recyclers sponsored Councilwoman Carolyn Davis' South Dallas Community Cleanup on Tuesday, June 15th. Employees from Gold Metal volunteered to clean up South Lamar Street. The cleanup proved to be very successful, hauling away over 500 pounds of trash from the neighborhood.

Meet a Few Members of Our Family, Continued...

Brigido Espiricueta

Brigido is one of the longest standing Gold Metal employees, starting back in 1987 sweeping and maintaining the yard. Over time, Brigido began sorting aluminum and unloading trucks and continued this function for approximately ten years. As time passed, Brigido moved to the peddler scale area where he currently grades material brought in and helps with maintenance in his spare time. Brigido says, "Bob, Neil and Kenny are good people and always treat everyone with respect. I am very grateful for everything Gold Metal has done for me, and I plan to be here a very long time." Gold Metal thanks Brigido for twenty-three years of hard work and dedication.

Liz Castro and Veronica Ortiz

Gold Metal is not just a family of Goldbergs. Sisters Liz Castro and Veronica Ortiz are two instrumental ladies that currently help with dealer and industrial account support. Liz came to Gold Metal in 1998 as a part time cashier. Years later, Veronica joined as a receptionist. They have both gained multiple responsibilities over the years and now help make sure our customers are paid on time and always taken care of. Liz and Veronica are two of the recognizable faces you see when you enter the doors of Gold Metal, and they do a great job welcoming the visitors and making them feel at home.

Both Liz and Veronica say they "love working at Gold Metal because of the family and team-oriented nature of the company." They also feel strongly that "our customers come back to Gold Metal each time because they trust that we will treat them well and take care of them, just like we all do for each other." Gold Metal appreciates everything that Liz and Veronica do for the company and for being great representatives.
